Sree Sastha Jambu Group of Institutions

Cordially Greets

Prof. Dr. M. RAJARAM

for taking over as

The Vice Chancellor, Anna University

CHAIRMAN'S MESSAGE

It gives me great satisfaction to state that we have achieved our goals for this semester and we certainly look forward to achieving new benchmarks for the next semester. We believe in exploring new horizons in terms of knowledge and also to identify new thrust areas for students who want to succeed in their studies and more importantly, in their careers. Our value-added courses for this academic season will focus on communicative abilities as well as knowledge enhancement. Sree Sastha Group of Institutions have always been supportive of Faculty members acquiring new skills in order to provide the students with expertise that would be much more than that possessed by their counterparts in other colleges. We have been doing that through collaboration with experts from the industry in the previous semester and we will encourage such processes of knowledge-sharing for the next semester also. I wish the Principals, HODs, Faculty Members, Non-teaching staff members and students the very best for this semester

DR.A.M.K.JAMBULINGAM

VICE CHAIRMAN'S MESSAGE

With another semester over, our group of institutions is gearing up for meeting the challenges of the next. Change has always been an integral factor in our equation of success. We have been moving from good to better in terms of pedagogy, placements and particularly, infrastructure. The future is ours to take now, considering the infrastructural improvements and also the additional inputs being provided to the students. I urge students and faculty members to be zealously involved in whatever they do for the betterment of our institutions. The students of Sree Sastha Group are positively different from their counterparts in other colleges because they (our students) are given the freedom to innovate and also to participate in any decision making process that would impact their careers; moreover, we also believe in placing emphasis on the acquirement of life-skills on the part of the student. Mere academic coaching will not suffice for the student to succeed in the corporate world. Hence Soft-skills training is given to the students right from their first semester. We are also in the elite category of engineering colleges that offers Business English Certification (Awarded by Cambridge University, U.K) coaching to meritorious students; furthermore, it must be noted that our college is the only college that offers it on a free-of-cost basis to brilliant students. All said and done, we are looking forward to the next semester with a renewed sense of purpose.

Prof. J. Karthikeyan B.E., MBA

SREE SASTHA INSTITUTE OF ENGINEERING AND TECHNOLOGY

Principal's Message:

My greetings to all the staff and students on the commencement of the new semester. As with the beginning of any great enterprise, expectations run high and it is so for the next semester. At present, the industrial expectations are high in terms of recruiting engineers. They are expected to possess technical knowledge, ability to work in a team, multi-disciplinary wisdom and perseverance. I am happy to mention that students from Sree Sastha Institute of Engineering and Technology are enlightened with technical knowledge in their respective domains and also enhanced skills in their field of engineering. Students must realize that value added courses are provided with the intention of empowering them to be job ready and that make them to be preferred candidates for top-notch companies such as TCS, HCL, TVS and many more. In addition to subject domain skills, here, at our campus we also focus on the areas such as career management, stress management, time management etcetera. The ideal candidate for any corporate would be a person who is a quick learner of new technologies as well as a team player who can persuade his team members to channel their efforts into one single objective - the success of their organization. With this in our mindsets, let us approach the next semester to bring honour and laurels to our college.

Dr. R. Varatharajan M.Tech., Ph.D.

10th GRADUATION DAY

Sree Sastha Institute of Engineering and Technology celebrated its 10th Graduation Day. The Chief Guest Dr. T. K Anuradha, India's First Women Satellite Fabricator and Project Director GSAT-9, 10, ISRO, advised the students to be prudent and put all their efforts into studying thoroughly so that they can progress in their career and life.

14th COLLEGE DAY

Sree Sastha Institute of Engineering and Technology celebrated its 14th College Day on 25 April 2013. In his Annual Report 2012 – 2013, Dr.R. Varatharajan, Principal highlighted that 654 students were conferred with degrees and 12 earned University Ranks. Students were being given training by professional organizations to prepare them for their industry. They were being recruited by various corporates including giants like IBM, TCS, INFOSYS and WIPRO. Dr. C Sylendra Babu, the Chief Guest delivered a speech on the importance of discipline and inspired them to fulfill the purpose for which they had come to the college. He cheered up the students to ask "Why?" for everything around them and asked them to search and research the answers till they were satisfied.

Project Title: Isolation of Pathogenic Bacteria from Poultry Wastages atChennai Suburban
Principal Investigators: Mathan Periasamy, Patricia Trueman

Co- investigators: Aswin Adhimani, Gunaseelan Sathaiah, Karthick Ravichandran, Mayur Kedare, Narayanan Manoharan

*Description:*India is one of the largest broiler producers in the world. Huge quantities of poultry wastages are generated and dumping of these wastes causes several environmental pollution problems. One of the serious problems is, it also serves as a nutritional source for the growth of several pathogenic bacteria and thereby causes disease outbreaks. This work addresses this environmental issue through enumeration, isolation and identification of microorganisms from the dumping sites of poultry wastages. Samples were collected from five different regions and bacterial isolates obtained were then purified into pure culture and identified based on their morphological, cultural and biochemical tests by standard microbiological procedures. The isolated pathogenic organisms were *Vibrio* Choleare, Vibrio Parahaemolyticus, Salmonella Typhi, Shigella dysenteriae, Shigella sonnei and Klebsiella pneumonia.   The colonization of pathogenic bacteria in these dumping sites is highly hazardous to the environment and needs prompt disposal system.

UNIVERSITY RANK HOLDERS

Ms.B.NAVEENA, B.E., ECE (2009 –2013) secured University 38th rank declared by Anna University, Chennai.

Ms.M.NITHYA, M.E., Comm. Sys. (11-13) secured University 33rd Rank declared by Anna University Chennai.

Ms.S.BINDHUSHA M.E., VLSI DESIGN (11-13) secured University 3rd Rank declared by Anna University, Chennai

Ms.A.NEELAVATHI, M.E.VLSI DESIGN (11-13) secured University 16th Rank declared by Anna University, Chennai.

Ms.S.MANIMALA, M.E.VLSI DESIGN (2011-13) secured University 30th Rank declared by Anna University, Chennai.

Ms.A.JENIFER, , M.E.VLSI DESIGN (2011-13) secured University 36th Rank declared by Anna University, Chennai.

Mr.T.SILAMBARASAN, M.E. Comm. Sys (2011-13) secured University 27th Rank declared by Anna University, Chennai.

DEPARTMENT ACTIVITIES

- Placement training program is conducted in all working Saturdays for IIIyear students on *Personality Development and Value added courses* like Embedded Systems, .Net. etc. RSR Technology, Chennai, is the service provider.
- II year students went on an Industrial Visit to VI Microsystems, Chennai, on 16/3/13.
- A one Week Campus Residential Program was conducted on *Communication Skills, Personality Development Career Growth, and Higher Education*for III and IV year students by ETHNUS and TIME consultancies.
- Induction Program for II year studentswas conducted on *Introduction about College, Facilities and Student's Discipline*, Dr.K.Murugesan, H.O.D&Vice-Principal, delivered speech on Students' discipline on 10/July 2013.
- *Alumni Interaction Program*held on 17/7/13. Our alumnus Mr.SyedAbbaz. Z.H (2013 Passed out) discussed *Winning Tips for Higher Studies* with our students.
- A one day seminar was organized by Mr.S.Elangovan on 18th July 2013. Ms.S.Kirithigha III-A, Ms.Priyadharshini.

- III-B presented papers on *The Role of Electronics in Army Tankers*.
- A one week Bridge Course was organized from 30th July13 for first Year Students on the title *Overview of Engineering Subjects*.
- All the students from our department applied for ISF membership in IETE Student's Forum on 8thAugust 2013.
- Alumni Interaction Program held on 10-08-2013. Our Alumnus MS.S.Madhumitha (2010 Passed out) interacted with our students on *Career Growth and Job Prospects.*
- Final year students went on an Industrial Visit for 2 days to HAL& KAVIKA Transformers, Bengalure on 5th and 6thSeptember 2013.
- "*Introduction to PLC* "workshop was conducted by LabTech Industrial Training Centre, Chennai on 24.8.13 for third year and final year students.
